Supporting Member Profile – Javelina Cycles of Ahwatukee

By Bob Beane

Each month in 2009, we'd like to profile one of our supporting members. These are the bike shops, their owners and employees and other folks and organizations that support our cycling events and clubs in central and northern Arizona. This month, we are starting close to home...well, your editor's home that is.

Javelina Cycles is owned and operated by PMBC club member Rick Marquis, and is located at 4647 E. Chandler Blvd, Suite #3, just south of Chandler Blvd at the SW corner the 48th Street intersection in Ahwatukee. Rick originally opened the shop at its former location on Ray road in October of 2005. In November of 2007, he moved to his current location.

What Rick would most like for you to know about Javelina Cycles is that he and his staff are in the business because of their love for cycling. Rick and his staff are known for assisting customers in locating just what they need, from BMX to custom mountain bike to road bikes (entry level to the latest carbon-fiber technology), and they take pride in their "non-elitist" service reputation.

Cyclist Families Needing Your Support

2009 Amgen Tour of California Weekend – Itinerary Ideas

By Bob Beane

Would you love to go to Le Tour de France, but don't have the budget? Would you like to see the biggest and best bike race in the USA? Well, Linda and I have answered "yes" to both of these questions in prior years, and found the **Tour of California** to be everything we could have imagined, and more... We visited **San Francisco** for the opening prologue of the **first ever Tour of California in 2006**. Over 100,000 screaming, cow-belling fans lined the route... five deep at the start ramp and on the way up to the finish at Coit Tower!!!

In 2007 we saw the "infamous" stage finish into **Santa Clarita**. Infamous, because that was the day that **George Hincapie** was involved in a crash early in the day, fracturing his wrist, but got back on the bike, chased down the peloton, and rode injured 90+ miles to help keep **Levi Leipheimer** in yellow. That day cost George the Spring Classics season, but showed the heart and guts of a great rider. On the final day we were among those in the grandstands at **Long Beach** when **Danny Pate** launched a breakaway with a small group of escapees that reached nearly a 3:00 lead before **Discovery Channel** chased them down to assure the GC win. And, we were there sitting across from **Johan Bruyneel** at the start and with **Chris Horner's** sister at the finish (you never know who you'll meet) and smelled the burning rubber of the final sprint, won by **Ivan "the Cuban Missile" Domiguez**.

In 2009, the Tour of California will open on **Valentines/President's Day weekend (February 14/15)** with a prologue in downtown **Sacramento**, followed by Stage 1 from **Davis**, through wine country, ending in **Santa Rosa**. I can't say enough about the class of this event, how well it is organized and the supportive fans.

The added "buzz" this year is that **Lance Armstrong** will be back, re-joining the "Discovery", now Astana, team headed by **Johan Bruyneel**, which includes two-time Tour of California winner **Levi Leipheimer** (2nd in last year's Vuelta a Espana) and Grand Tour triple champion, **Alberto Contador**. And, the race will include many of the upcoming Grand Tour competitors. Just look at the list of the *first eight teams announced* to be attending this year:

- **Astana**
- **Columbia Highroad**
- **Garmin-Slipstream**
- **Ag2r-La Mondiale**
- **Liquigas**
- **Quick Step**
- **Rabobank**
- **Team Saxobank**

If you follow pro cycling, you know that if only these eight teams showed up you would have one of the top races in the world. But, there will be another eight or so teams added, including a few top "domestic" teams looking to grab the spotlight.

To plan your personal itinerary, visit www.amgentourofcalifornia.com where you will find dates, detailed routes, and links to activities in each community. For those interested in attending the opening weekend, I have researched the routes, hotels, restaurants, etc., and have assembled some suggestions to help start your planning. Oh, BTW, when you pack, be sure to take your PMBC or other Arizona club jersey so we can pick you out on TV and when the DVD comes out!

Flights: US Airways and Southwest have several direct flights into/out of Sacramento each day. Other airlines have flights, most with one stop, as an alternative. Fly out Saturday a.m., back Monday p.m.

Prologue: Saturday, February 14, at 1:30 p.m., the 2.4 mile Prologue Time Trial starts on the Capitol Mall in downtown Sacramento. The last rider is expected to finish at about 4:00, so plan to get into Sacramento's airport by 1:00 p.m., latest. The start is at 9th St and Capitol Mall. The finish line is at 11th St and L St (three blocks apart). Dining/beverage options are within walking distance, so find a hotel nearby and walk to the event and meals/party spots (see below).

Hotels: There are MANY hotels within walking distance of the Capitol Mall. Here are just a few, illustrating the variety of amenities and costs:

- Hyatt Regency Sacramento, 12th St & L St, (916) 443-1234, \$300+, 503 rooms, one block from finish line.
- Sheraton Grand Sacramento, 12th St & J St, (916) 447-1700, \$161+, 500+ rooms.
- Holiday Inn Express Sacramento Convention Center, 16th St & G St, (877) 786-9480, \$133+.
- Sterling Hotel, 13th St & H St, (800) 365-7660, 17 rooms (quaint, B&B feel), call for rates.

QUESTION: Why do Arizona cyclists ride Centuries in January?

ANSWER: Because they can!

Remember where you used to live? The closest you came to riding a Century in January was trying to get your old Buick started when it was 5 below. So join us January 11, 2009 for the first century of the New Year. Then call all your friends in Minnesota and tell them what a good time you had!

This ride is a great first century or metric century. The terrain is flat, the roads have low traffic, and if history repeats itself, the weather is sunny with a high of 70. What more could you want? How about SAG stops with water, fruit and snacks, as well as a hot lunch at Dave White Regional Park in Casa Grande. You'll also get a route map, and the first 200 registered riders receive a PMBC commemorative bottle (Polar!). Join your cycling friends for PMBC's biggest ride of the year!

New to cycling or club rides? Try our new 34-mile option. You'll get one sag stop, a route map and if you are **one of the first 200 registered riders, you will receive a Polar Bottle**. There will be three ride options: A Full Century (103 miles), a Metric Century (62 miles) and a 34-mile ride. The 34-mile ride is out-and-back and flat. The 62-mile ride is out-and-back, with a slight hill. The 103-mile ride is mainly a loop and flat.

Please bring enough spare tubes for your ride. There will be sweep vehicles on all routes to assist you, but they carry a limited number of tubes. They will have pumps! The sweeps are also available for the weary and downtrodden!

Sacramento Food/Beverage: Choices nearby are abundant. Here are a just a few of the recommended spots:

There will be a women's pro/1/2 criterium on a portion of the men's finishing circuit, starting at 1:00 p.m. The men are expected to roll in between 4:00-5:00 p.m.

Non-Cycling Sights: If you have never been to wine country, suggestions include the wineries along the **Silverado Trail in Napa Valley** (quieter and less crowded than Highway 29), the Town Square in **Sonoma** (restaurants, wine tasting, shopping) and **Calistoga** (an alternative to staying in Sacramento or Santa Rosa, famous for their hot springs).

Make this the year you do *something different* for Valentine's/President's Weekend. Get a small group together, make your reservations, rent a van and Tour the Tour (of California) for a few days. What better place to see pro racing, enjoy some of California's finest cuisine and pick up a bottle of a Napa or Sonoma vintage from a small winery where you can shake the hand of the wine-maker... Viva the Tour...of California!

Mining Country Challenge

AN APPROVED HELMET IS REQUIRED FOR ALL RIDES LISTED

16th Annual Mining Country Challenge - 66 and 96 Mile Options Saturday, March 14, 2009

Sponsored by Phoenix Metro Bicycle Club

Volunteers are still need to help out with this ride. We are always looking for SAG support, helpers, food servers, tire changers or whatever you can donate of your time. Please contact [Charlie Davis](#) or [Jack Graham](#) if you would like to help your club put on this ride.

The official 2009 Mining Country Challenge Flyer and Registration Form is not available yet ... Please check back later.

Saddle up, Pardner, it's time to hit the trail, and some trail it is!

We're not talking about some easy little jaunt into the desert on some mule with no name (apologies to America) with a pick and shovel hung over your shoulder. No siree! However, when you see what you'll be climbing, you may want to reconsider that mule! Or maybe get a mountain goat!

Climb. Climb. Then climb some more. That's the Mining Country Challenge. It's not for everyone, but if you have aspirations to really put your climbing abilities to the test, this is the ride for you. By the end of the 96 mile ride you'll have climbed 7000 feet.

The ride starts in Old Town Superior in the heart of Arizona's mining country. From Superior, you'll go through the Queen Creek tunnel on US 60 (bring your blinking red tail light) and head on toward Miami on the climb nicknamed "Top of the Hill." The road has a narrow shoulder or no shoulder in some spots and it is a two-lane road – please ride single file. The route passes the Inspiration Mine near Globe and then leads southeast out of Globe. Then you tackle a long, 8% grade into the Pinal Mountains to the top of "El Capitan." This is a great place for a rest stop. The downhill into Winkelman is your reward...and the lunch stop after you turn the corner toward Superior (or the Circle K if you prefer).

Out of Winkleman, you'll head north toward Kearny, passing the Ray Mine. The climb culminates in a "hill" called "The End of the World," a 1.5 mile climb that averages 11%. After you make it up that hill, you will think it is the end of the world! From the top it is downhill into Superior.

Again this year we will have the addition of a metric century option (actual distance 66 miles). The route will go from Superior to Winkleman and return. This will be a great route for those who want to test their climbing abilities, but are not certain they can (or want to) ride the full 96 mile route. But don't feel leftout - The cyclists who will be riding the metric century will also have the challenge of surviving the 11% climb up "The End of the World" on their way back to Superior.

For some interesting history of the Kearny / Winkleman / Ray area that you will be riding through, [click here](#).

- **Folding/Collapsible Bikes are the perfect complement to Light Rail**, bus and even travel by air – Typically ranging in price from \$200 to \$2,000, these bikes are better built than ever before and more compact. Some bikes can be collapsed to the size of a large briefcase to fit under a bus or airline seat. Manufacturers include Montague (see on line demo at www.montagueco.com), Dahon (www.dahon.com, with a sub-20 lb model), and Brompton (www.foldabikes.com), among others.
- **Bicycle lanes are coming to Chandler Blvd & Loop 101** – The City of Chandler is seeking comment on the proposed design for bicycle lanes at this intersection. An informational meeting will be held on Tuesday, January 13, 2009, at the MucCullough-Price House at 300 S. Chandler Village Drive (off Frye Rd on the south side of the mall) from 6:30-7:30 pm.
- **National Geographic's Adventure Magazine rates bicycle touring companies** – *Adventure's* "Adventure Ratings" for 2009 are being published in the February 2009 issue. The top ten bicycle touring companies are listed (no segregation between road, MTB, or multi-sport with biking, so you need to read the details), and include the following:

Backroads (93.73) – Mostly road/touring rides, three comfort levels, "special access" tours.

VBT Vacations (92.47) – "Base-camp" style riding from small hotels, multiple mileages.

Western Spirit Cycling Adventures (91.07) – Mostly MTB, but several quad-killer road rides.

Trek Travel (90.30) – Growing trend of rides mixed with major cycling events (France, CA, Italy).

Each of the top ten is listed with featured or new rides for 2009, a brief summary of the "flavor" or the company, but only pricing for the new/signature ride. Web sites are included for your further research.
